Specification	
Model： DWS system	
Photo	catalogs	descriptive
Package Type	Waterproof bags and cardboard boxes are the mainstay
Line speed	0~2.2m/s adjustable
processing efficiency	4000-6000 pieces/hour
six-sided scanning	Smart camera with no less than 6 cameras
barcode recognition rate	Not less than 99%
Equipment noise	Noise: average noise shall not exceed 75dB
squareness	Size measurement error: ±10mm (1.8m/s)
Weighing accuracy	±50g (within range)
weight range	0.2kg-50kg
Package Color	Reflectivity of package surface ≥10% for volume measurement without any color limitation
Equipment width	1060mm/1260mm(effective width)
Equipment height	750mm±50mm(leather cover (of a belt))
Equipment length	Scale A 1000mm + Scale B 600mm
Package Size	The longest side ≤ 1000mm, 100mm ≤ the next longest side ≤ 800mm, the smallest side ≥ 20mm (support customization)
