

Specification	
Model: C8410 (Large weighing and scanning table)	
photo	
Category	Spec
depth of field	800mm
weigh (food)	1000*1000mm(Size can be customized)
Can data be interfaced	YES
Data Acquisition Time	0.8s
Photograph retention	YES
operating temperature	-30~40℃
input voltage	220V/50HZ
range (of scales or measuring equipment)	60kg(Customizable for larger ranges)
inaccuracies	±20g(Customizable for higher precision)
one-dimensional code	minimum width 10mil
two-dimensional barcode	according demand
Form of power	servo motors
Equipment Size	L1000mm*W1375mm*H2400mm

sports event	branding	specification	Qty (pcs)
electronic balance	not required	CALC Electro-Measurement 4 load cells, max. 200kg, accuracy 50g	1
fuselage		Joan Custom Fuselage: Pantone Color No. 172C, Floor to Belt Surface Height 800mm	1
leather belt	YONGLI Belting	Yong Li 3mm diamond pattern	1
electrical machinery		Delta	1
plc	Siemens	Siemens	1
monitor	not required	AOC Monitors	1
Host Configuration	not required	Advantech Industrial Controller AIIIS-1230 i5,8G,120G SSD, total 6 Gigabit LAN cards, 2 Realtek,4 Intel I350 support multiple camera solutions	1
industrial camera	Hikvision	MV-CA060-11GM	4
camera lens	Hikvision	16mm Lens (MVL-HF1628M-6MP)	4
fill-in light	Hikvision	MV-LB-200-200-20WL	4
