

Specification	
DWS: Dynamic Dimensioning, Weighing and Scanning	
Photo	
catalogs	descriptive
Package Type	Waterproof bags and cardboard boxes are the mainstay
Line speed	0~2.2m/s adjustable
processing efficiency	4000-6000 pieces/hour
six-sided scanning	Smart camera with no less than 6 cameras
barcode recognition rate	Not less than 99%
Equipment noise	Noise: average noise shall not exceed 75dB
squareness	Size measurement error: $\pm 10\text{mm}$ (1.8m/s)
Weighing accuracy	$\pm 50\text{g}$ (within range)
weight range	0.2kg-50kg
Package Color	Reflectivity of package surface $\geq 10\%$ for volume measurement without any color limitation
Equipment width	1060mm/1260mm(effective width)
Equipment height	750mm \pm 50mm(leather cover (of a belt))
Equipment length	Scale A 1000mm + Scale B 600mm
Package Size	The longest side $\leq 1000\text{mm}$, 100mm \leq the next longest side $\leq 800\text{mm}$, the smallest side $\geq 20\text{mm}$ (support customization)
